
Acorn Gen2 High-Bay

PRODUCT DESCRIPTION

A powerful, round high bay luminaire with its unique design and cooling system can provide light output up to 35037 lm. It can be ordered with a wide range of optics, drivers, and sensors to meet the requirements of any project. You can choose between 5 mounting types: pendant, chain mounting, wire mounting, or two floodlight consoles. The reflector is available as an accessory. The model is adaptable to the smart luminaire.
