

Enepro Grow Spotlight Surface Mounted

PRODUCT DESCRIPTION

The Intralux Enepro Grow Surface Mounted Spotlight is a specialised luminaire, developed specifically for biophilic designs – grow walls/green walls, planters, potted plants – and any other vegetation or flowers used in architectural spaces. Enepro Grow uses an LED module that is unlike most used in horticulture luminaires – it has excellent PPFD/luminance, high CRI, and none of the “purple tinge” associated with typical horticultural luminaires. The Enepro Grow range comes in many mounting options, beam angles and finishes – allowing it to suit all installations.

MANUFACTURER Intralux

PRODUCT Enepro Grow Spotlight Surface Mounted

PRODUCT TYPE Ceiling

MOUNTING TYPE Surface Mounted

POWER 22W

LUMINOUS FLUX 2900lm

CCT 3500K

CRI 93
