

Worker Linear Single 2867 Pendant

PRODUCT DESCRIPTION

The atelje Lyktan Worker Linear Pendant is a linear luminaire in extruded aluminium and end caps in cast aluminium. Variations are available regarding colour, size, types of glare shield and adjustability. The Worker Linear single luminaires are available with honeycomb diffuser that add a new aesthetic expression and a new dimension of light control. Because of its design, this diffuser allows total control of the light image in all directions and is the most non-glaring in our range.
